

## Safety Floor Tape Footprints

A New Solution for Warehouse Safety and Efficiency!

In warehousing, safety and efficiency are paramount. Our solution, crafted from high - grade rubber with a robust adhesive, boasts exceptional weather resistance.

It's prefabricated for hassle - free peel - and - stick application. The vivid footprint markings clearly define safe pathways, minimizing collisions, streamlining pedestrian flow, and boosting productivity.

Built to last, it withstands forklifts, heavy vehicles, and constant foot traffic. When removed, it leaves no residue and won't harm the floor.

Perfect for logistics hubs and SMB warehouses alike, it's the ultimate choice for enhanced safety management.
