

JSH150-1 Single-Color PVC Marking Tape TDS

Product Overview

JSH150-1 engineered for precise facility management and safety marking applications. With nine distinct color options, this versatile marking solution provides comprehensive coding systems for various industrial and commercial environments.

Performance Data

Property	Value	Test Method
Total Thickness	0.150±0.025 mm	EN 1942
Tensile Strength	≥18 N/cm	ISO 29864
Elongation at Break	≥150%	ISO 29864
Adhesion to Steel	≥1.0 N/cm	ISO 29862
Tack	≥6 #	GB/T 4852

Distinctive Advantages

9 Standard Colors - Complete color coding system for facility management

Premium Rubber Adhesive - Reliable bonding on multiple surfaces

Exceptional Flexibility - Perfect conformability to textured surfaces

UV Resistant Formula - Maintains color integrity indoors and outdoors

Quick Installation - Hand-applicable without specialized equipment

Product Specifications

Standard Lengths: 30m, 33m

Standard Widths: 48mm, 50mm

Core ID: 76.2mm

Color Palette: Black, White, Yellow, Red, Blue, Green, Orange, Violet, Brown

Implementation Scenarios

5S & Lean Manufacturing - Visual workplace organization systems

Safety Compliance Marking - Hazard identification, emergency pathways

Warehouse Management - Inventory zoning, directional indicators

Facility Organization - Department coding, space planning

Utility Identification - Pipe labeling, electrical cabinet marking
