

# Cockfighting Tape | PVC Gamefowl Protection Tape

**High Adhesion • Waterproof • Durable Protection • Southeast Asia Bestseller**

Ideal for rooster leg & spur wrapping in training, competition and daily care

## 1. Product Overview

This PVC tape is specially designed for gamefowl training, competitions and daily care. It is widely popular in Thailand, Philippines, Vietnam, Malaysia, Indonesia and other major Southeast Asian cockfighting markets.

Made of high-quality PVC with strong rubber adhesive, it provides reliable protection for rooster legs and spurs against scratches, cracks and injuries during intense movements. Flexible, tear-resistant, easy to apply and remove with no sticky residue.

## 2. Key Features

- Strong adhesion, not easy to fall off during training or competition
- Waterproof and moisture-proof, suitable for outdoor & wet environments
- Good stretchability, fits closely to rooster legs and spurs
- Hand-tearable design, tool-free application
- Tear-resistant and durable for long-lasting protection
- Clean removal, no sticky residue left
- Bright colors for easy identification and management
- Stable quality, ideal for long-term bulk wholesale

## 3. Technical Specifications

Item	Specification
Product Name	PVC Tape for Gamefowl / Cockfighting Tape
Material	PVC + Strong Rubber Adhesive
Standard Width	18mm / 20mm (Most Popular)
Standard Length	10m / 20m per roll
